

Feature	LNA	Nexis Uni
<b>Search</b>	<p>Searches limited to individual content sets.</p> <p>Searches for legal materials using legal citations must be exact match, using the proper legal citation.</p> <p>**LNA considers a space as an “AND” connector.</p>	<p>Superior searching with a word wheel for term suggestions, a single search across all content types and advanced search forms specific to the content type.</p> <p>Searches for legal materials using legal citation is extremely flexible. It is not necessary to have the proper legal citation.</p> <p>**Nexis Uni considers a space as an “OR” connector. LNA considers a space as an “AND” connector.</p>
<b>Alerts</b>	Not Available	Create Alerts to be notified when new results are available for a search or publication. Schedule Alerts to deliver online or to your email, on a daily, weekly, monthly or as available basis. Share Alerts with others to save time and duplication of effort. Alerts can be shared with any Nexis Uni user.
<b>Discipline Pages</b>	Not Available	Quickly discover relevant topics, sources and news related to your area of study. Task-based search pods provide guided assistance for research tasks common for that discipline. Set a discipline page as your home page for a more personalized research experience.
<b>Post-Search Filtering</b>	Limited; must be applied one at a time	Filter results post-search using a variety of facets such as publication type, location, date, people, and more. Apply one or more filters simultaneously, and delete filters without having to re-run the search. New facets: location, practice area and timeline-style data facet
<b>Annotations</b>	Not Available	Highlight and make notes within documents to draw attention to text for yourself or others. Annotations help identify relevant points from faculty for students, or for teammates on group projects.
<b>Folders</b>	Not Available	Create folders to organize and save related documents, searches and parts of text. Share folders with others to increase collaboration.
<b>Shepard’s</b>	Available for federal and state cases and law reviews/law journals.	Available for federal and state cases, federal and state statutes/codes, law reviews/law journals and state regulations. Plus—improved visual display!
<b>Personalized Settings</b>	Not Available	Personalize your research experience to your preferences for results displayed, results view, content priorities and sorting.
<b>Favorites &amp; History</b>	Not Available	Click the star icon next to a source to add it to your favorites, allowing quick and easy access to the publications you value most. View recent history for searches and sources; saving you time with the ability to pick up where you left off. Searches can be saved indefinitely by saving them to a folder. Reading glasses appear next to search results to show which documents you have viewed, along with a timestamp of the last view. A folder icon will appear next to a search result if that document has been added to a folder.
<b>Document Retrieval</b>	Document retrieval—up to 3,000 documents	No document retrieval limitations
<b>Document View</b>	Only standard view available	Documents are easier to read with a clearer font. Use “reading mode” or “printer friendly view” options for additional clarity.
<b>Get a Doc Assistance</b>	Not Available	<p>By citation—helps to create proper legal citations for cases, statutes/ codes, regulations, secondary sources and law reviews/journals to easily retrieve a legal document.</p> <p>Cases by Name—can specify a jurisdiction, making it much easier to identify the appropriate case.</p> <p>Docket Number— can now search by docket number for quick access to the docket you are trying to locate.</p>
